Payroll Services for Workday customers

Work more efficiently and empower your employees

Having seamless payroll processes is critical for your business and your employees. But keeping your processes optimized and efficient—that's easier said than done. What's more, the payroll landscape is changing as employees increasingly want more flexibility, control, and choice over their earnings.

How do you deliver everything your business and your employees need without overcomplicating your processes?

Go from overwhelmed to in control

By seamlessly merging Workday's advanced technology with our forward-looking services and solutions, we empower organizations to adapt and flourish.

Our services include:

- Managed Payroll
- Payroll Administration
- NetPay Services
- Payroll Tax
- Garnishment Services
- Workday Helpdesk

Employee Well-Being Solutions¹

- Verification of Income/Verification of Employment
- myFlexWallet
 - Workday pay details
 - Earned Wage Access
 - Savings with interest accumulation
- myFlexSpend²
- Payroll Card
- Payroll Bill Pay

¹These features are automatically included with NetPay, Managed Payroll, and Payroll Administration.

²myFlexSpend is only accessible to employees whose employer has an active subscription to the myFlexSpend service.

What makes us different?

Workday expertise

Because we're exclusive to Workday, we know it inside and out and can provide you with a dedicated single point of contact for all your needs.

Service delivery model

We work within your existing Workday environment to deliver services more securely and efficiently.

Proprietary products and solutions

We use our own exclusive tax processing engine, in combination with a suite of integrated apps and other innovations, to enhance your processes and the employee pay experience.

Focus on employee well-being

Our purpose-built solutions give your employees the flexibility and empowerment they're looking for without complicating your operations.

Proactive approach

Stay on top of data hygiene with a combination of audits, automation, reports, and routine business reviews.

Flexibility

Keep what you want, outsource what you don't, and scale quickly when your needs change. We can also help you run payroll in an emergency.

"Partnering with OSV allowed [us] to maintain control over our payroll process and data while being able to scale resources during our hyper-growth phase. With OSV, our payroll team is able to focus on more strategic initiatives."

Sr. Director of Financial Business Process and Systems

By partnering with OSV, you can utilize our cloud-based technology to simplify your workload and improve the financial well-being of your employees. Our services and solutions integrate seamlessly with your Workday Payroll application, eliminating the need for third-party integrations, data transfers, or manual steps.
